To Whom It May Concern

Reference - Adam Braimbridge

It is my pleasure to write this recommendation letter for Adam Braimbridge. As his uncle, I've known Adam his entire life and, therefore, am in a good position to report on Adam's achievements, work ethic and character.

Adam has a reputation in our family for being outstanding with technology. He's been a technology enthusiast since he was old enough to read and is the family's first point of call for any IT-related issues. He has the ability to explain difficult concepts and clarify complicated problems. Although naturally gifted in these areas, Adam has worked hard to become skilled and knowledgeable in his field.

For the past six years, Adam has been working for Bam Creative as a Senior Web Developer. Prior to that, he ran his own business, compiling and creating interactive virtual tours for real estate companies and marine dealers.

Adam has always been hard working, polite, respectful, inquisitive and friendly. He has a cheerful nature and positive attitude, and is respected and trusted by all who know him. I would recommend Adam without reservation.

If you require any further comment on Adam, please do not hesitate to contact me.
